C

Compensation disparity between locals and expatriates: Moderating the effects of perceived injustice in foreign multinationals in China. Kwok Leung, Yongxin Zhu and Cungen Ge (1): 85–93.

Contextualizing experience effects in international business: A study of ownership strategies. Peng-Yu Li and Klaus E. Meyer (4): 370–382.

D

Delivering 'effortless experience' across borders: Managing internal consistency in professional service firms. Susan Segal-Horn and Alison Dean (1): 41–50.

Diversity management and the effects on employees' organizational commitment: Evidence from Japan and Korea. Emiko Magoshi and Eunmi Chang (1): 31–40.

E

Equity-based entry modes of emerging country multinationals: Lessons from Turkey. Mehmet Demirbag, Ekrem Tatoglu and Keith W. Glaister (4): 445–462.

Exploring knowledge management to organizational performance outcomes in a transitional economy. Timothy S. Kiessling, R. Glenn Richey, Juan Meng and Marina Dabic (4): 421–433.

F

FDI entry mode choice of Chinese firms: A strategic behavior perspective. Lin Cui and Fuming Jiang (4): 434–444.

Foreign market entry mode of service firms: The case of U.S. MBA programs. Michael R. Czinkota, David A. Grossman, Rajshekhar (Raj) G. Javalgi and Nicholas Nugent (3): 274–286.

G

Gender differences in the work commitment of Chinese workers: An investigation of two alternative explanations. Kelly Z. Peng, Hang-Yue Ngo, Junqi Shi and Chi-Sum Wong (3): 323–335.

doi:10.1016/S1090-9516(09)00056-X

Governance decisions for the offshore outsourcing of new product development in technology intensive markets. David A. Griffith, Nukhet Harmancioglu and Cornelia Droge (3): 217–224.

Graft and business in emerging economies: An ecological perspective. Yadong Luo and Binjie Han (3): 225–237.

I

Infrastructure or foreign direct investment? An examination of the implications of MNE strategy for economic development. Mo Yamin and Rudolf R. Sinkovics (2): 144–157.

Institutional background as a determinant of boards of directors' internal and external roles: The case of Russia. Dmitri Melkumov (1): 94–103.

Intellectual property, pharmaceutical MNEs and the developing world. Pervez N. Ghauri and P.M. Rao (2): 206–215.

International management, political arena and dispersed entrepreneurship in the MNC. Christopher Williams and Soo Hee Lee (3): 287–299.

International market selection and subsidiary performance: A neural network approach. Lance Eliot Brouthers, Somnath Mukhopadhyay, Timothy J. Wilkinson and Keith D. Brouthers (3): 262–273.

K

Knowledge embeddedness and the transfer mechanisms in multinational corporations. Jacky F.L. Hong and Thang V. Nguyen (4): 347–356.

M

Minimizing effects of 'liability of foreignness': Response strategies of foreign firms in the United States. B. Elango (1): 51–62.

MNC strategies and linkage effects in developing countries. Michael W. Hansen, Torben Pedersen and Bent Petersen (2): 121–130.

MNCs and linkages creation: Evidence from a peripheral area. Grazia D. Santangelo (2): 192–205.

MNEs and development: a review and reconceptualization. Jennifer Oetzel and Jonathan P. Doh (2): 108–120.

O

Organizational context and knowledge acquisition in IJVs: An empirical study. Felicitas Evangelista and Le Nguyen Hau (1): 63–73.

Organizational slack and firm's internationalization: A longitudinal study of high-technology firms. Wen-Ting Lin, Kuei-Yang Cheng and Yunshi Liu (4): 397–406.

P

Partner nationality, market-focus and IJV performance: A contingent approach. Yu-Ching Chiao, Chwo-Ming Joseph Yu and Ju-Tzu Ann Peng (3): 238–249.

Predicting effectiveness in global leadership activities. Paula Caligiuri and Ibraiz Tarique (3): 336–346.

Product business, foreign direct investment, and licensing: Examining their relationships in international technology exploitation. Ulrich Lichtenthaler (4): 407–420.

R

Regional location of multinational corporation subsidiaries and economic development contribution: Evidence from the UK. Pavlos Dimitratos, Ioanna Liouka and Stephen Young (2): 180–191.

Revisiting the impact of multinational enterprises on economic development. Pervez N. Ghauri and Mo Yamin (2): 105–107.

S

Senior expatriate leadership's effects on innovation and the role of cultural intelligence. Detelin S. Elenkov and Ivan M. Manev (4): 357–369.

Strategic choice during economic crisis: Domestic market position, organizational capabilities and export flexibility. Seung-Hyun Lee, Paul W. Beamish, Ho-Uk Lee and Jong-Hun Park (1): 1–15.

Subsidiary roles, vertical linkages and economic development: Lessons from transition economies. Björn Jindra, Axèle Giroud and Joanna Scott-Kennel (2): 167–179.

T

The impact of the global factory on economic development. Peter J. Buckley (2): 131–143.

The logic of spillover interception: The impact of global supply chains in China. Faith Hatani (2): 158–166.

U

Understanding offshoring: A research framework based on disintegration, location and externalization advantages. Ben L. Kedia and Debmalya Mukherjee (3): 250–261.

W

Why do Chinese firms tend to acquire strategic assets in international expansion? Ping Deng (1): 74–84.
